## II AGES/EAGE/CEI Conference & Technical Exhibition

# **GEOSCIENCES APPLIED TO SOLVE HUMANITARIAN PROBLEMS WORLDWIDE**

### **TECHNICAL PROGRAM**

Invited lectures, oral and poster presentations of the papers will be presented within the following sessions:

- Landslides
- Special Session: *AGES/SEG humanitarian project Geoscientists without Borders: Assessment of flood damaged infrastructures in Bosnia & Herzegovina and Serbia*
- Water management
- Soil management
- Archaeology
- Earthquakes
- Floods
- Tsunami
- Volcanoes
- Habitat management and biodiversity conservation
- Sustainable use of geodiversity
- Environmental protection
- Natural disaster risk management
- Other topics

Your paper should be in English, up to 8 pages long including all figures and references (font is *11pt Times New Roman*). Section Headings are bold and the paragraphs are justified and separated by blank line. Final formatting will be made by the publisher.

You are cordially invited to take active participation in the Conference as:

- Paper presenter/lecturer,
  - Exhibitor or sponsor (all details will be available by sending message to: [komsne@yahoo.com](mailto:komsne@yahoo.com)) and/or
  - Exhibitor - presenter (a special session is organised for the presentation of the equipment, software and hardware products and services).

## I International Students' Workshop

### **PUPIN MEETS NOBEL**

Students coming from Universities throughout the world are invited to participate in the 1st International Workshop *Pupin meets Nobel*, which is related to Technical sciences.

Students (all three levels of studies) should send papers in English, up to 8 pages long including all figures and references (font is *11pt Times New Roman*). Section Headings are bold and the paragraphs are justified and separated by blank line. Final formatting will be made by the publisher. Notification of acceptance is up to five days after papers submission.

Each participant can choose a type of presentation (10-minute oral presentation or poster presentation). Students will not participate only in the Workshop, but also to other two events presented in this Announcement. That is nice opportunity to study the advances in all domains of Technical sciences, as well as to meet experts, professionals, academicians and researchers from all over the world.

#### **Important to highlight**

After reviewing all students' contributions, Scientific Committee will evaluate 15 best papers and the authors (one author per paper) will be awarded by *AGES Foundation* - the following issues are free:

- Attendance to all events
- Icebreaker
- Coffee breaks
- Conference/Workshops materials
- Proceedings on CD
- Participation certificate from the Organizing Committee
- Accommodation in 1/2 or 1/3 rooms/meals - buffet-style (5 days/4 nights)
- Overstay tax + Insurance for 5 days
- Transfer to the center of Kopaonik Mt.
- Walking tour with the guide
- Travelling expenditures (car, bus, train, low-cost flights)
- Bus transport Belgrade-Kopaonik-Belgrade

**For the awarded students, registration fee is 50 Eur.**

Please send your expression of interest to participate before **March 25, 2019** to [komsne@yahoo.com](mailto:komsne@yahoo.com), as well as your paper before **April 10, 2019**.

I International Students' Coaching Workshop

## **NETWORKING, OUTREACH AND PRESENTING STRATEGIES**

- **George A. Donoso and Magdalena Marković** -

### **Background**

Most science and engineering students are taught during school and undergraduate studies how to present their research and results in an academic environment. Regardless, many may encounter difficulties when attempting to transmit their ideas in a more industry related environment or to a non-scientifically trained audience.

It is not only enough to be expert in your research field, it is also important to network and outreach in order to find opportunities for postgrad studies openings and scholarship position; this is valid as well for those interested in following a career in industry after graduation.

### **Tasks and Objectives**

This workshop will provide tips and tricks in a humble attempt to help young researchers with their future carriers, as they realize that mastering science communication is a required ability beyond the academic environment.

Through case studies it will be showed how to deliver a presentation in front of different types of audience.

Participants will be encouraged to present and should be open to receive feedback on their presenting skills. The workshop will encourage students to hone their networking skills, to improve their exposure in the scientific community and get the attention from headhunters in the industry.

### **Instructions for participants**

Each participant should prepare a 10-minute presentation about their research. The corresponding PowerPoint file must be sent no later than **April 10, 23:59h** to: [george.donoso@geo.uu.se](mailto:george.donoso@geo.uu.se).

Sending the presentation file before the deadline is mandatory in order to obtain a participation certificate.
